(go to tab: home refi)

Step 1. Why Refinance

the main reason to refinance is to lower your rate and/or get into better mortgage terms. Run the numbers.

Step 2. View Cash Out Options

Another reason to refinance is to get cash out from the equity in your home. We have guides for using your cash to pay off debt, remodel your home, finance college, buy a new car, and more cash-out options.

Step 3. Review Refi Mortgage Loan Types

You will probably want to refinance into a fixed rate mortgage. But there are other mortgage loans.

Review the advantages and disadvantages of each.
