

Paying Off Your Mortgage: 10-Step Plan for Success

We have summarized the 10-step plan that you can use to payoff your mortgage.

Our extensive network has information that can help build quick success in your payoff program.

You can link to these centers by going to the following address:

- to view links that support the 10-step plan below:

www.SayEducate.com/payoff

Step 1	Apply for Your BLOC Account	The BLOC is your money account that all income and all expenses will be paid. It is a standard home equity line of credit account. We have more information at our center.
Step 2	Use Your BLOC to Payoff Debts	You will use your BLOC to payoff all credit card, auto loan, and other personal debt (except for your mortgage). This will free up discretionary income for use with the payoff plan.
Step 3	Start Using the Payoff Plan	You simply use your own system or an accounting software. Get a summary review of your payoff position with an action plan based on mathematical formulas.
Step 4	Use Methods to Maximize	To maximize the program to its fullest, use methods such as credit cards, pre-paid cards, and other to manage your money expenses. Our center can help you here.
Step 5	Budget Your Spending	You can payoff your mortgage fast by budgeting more discretionary income for the program. Our center has information to budgeting tips and worksheets.
Step 6	Lower Your Bills	Building more discretionary income requires getting the most out of your spending dollar. View tips to lower monthly bills like food, family services, utilities, and more.
Step 7	Increase Your Income	We have identified four ways to increase income: 1) better your career; 2) enhance your education; 3) start a home business; and 4) buy an established business. View links.
Step 8	Make Smart Decisions	Over time as you pay down your mortgage, you will have life events that require smart thinking: child going to college, home needing repair, family wanting a vacation. Get smart.
Step 9	Building a Stronger You	As you near the payoff of your mortgage, you will have the freedom to make smart investment decisions. See how planning, discipline and execution can bring you success.
Step 10	Get Started	The report will analyze your current financial position and give you a best estimate on how quickly you can payoff your mortgage using this program.
