Total Gross Salary or Pay:	<input type="text"/>
Annual Bonus:	<input type="text"/>
Monthly Alimony / Child Support:	<input type="text"/>
Other Monthly Income:	<input type="text"/>
= Total Income:	<input type="text"/>

payments / income

Divide “Debt Payments” by “Total Income”: % *debt ratio*

36% or Less:

your debt level is within acceptable range for most people

37%-42%:

your debt level is a little high; you need to take corrective action to bring debt down

43%-50%:

danger level; you need to take immediate action before losing control of your financial situation

50% or more:

excessive debt load; you may need to seek outside counseling services
